

Sinclair Broadcasting's decision to force their stations to air anti-Kerry messages this close to an election is a blatant misuse of their corporations privelege of using free air-waves. These stations are under obligation to serve the interests of their communities and if they are going to strictly air anti-Kerry messages, they should be obligated to either also air pro-Kerry messages or messages that also announce the disappointing record of George Bush over the last four years. Since when are media giants allowed to make up the minds of their listeners for them? We do still live in a democratic nation don't we? Sinclair should let their listeners make up their own minds. I feel that what Sinclair is doing is a disregard of FCC regulations and they should be penalized accordingly. Thank you for your consideration in this matter.
